The Speaker for Valentine's Day will be fun and entertaining. ...His name is Bill Coate from Madera. He is a columnist, author and a historian and he writes books and articles on various stages of American history including the Civil War era, westward expansion and the 20th century. He usually comes in period costume and his mission is to make the history of our nation's past "interesting and entertaining". Patti informed him that this was our Valentine's Day program with both man & women attending - and we'd like it festive and light, he said, perhaps we can make it "Shocking Secret's of American history love life..." A take off from the title of his latest book - "Shocking Secret's of American History: 115 Surprising and Amusing tales" by Bill Coate.

A little levity brought to you by little people.
