## Program Committee | Presentation Form Feedback

By Peter Fortuna & Janet Powell

North Fresno Rotary is modernizing our online and digital forms. We're now testing our second version of our Presentation Form for our weekly programs.

<b>Creators:</b>	Peter Fortuna, Haley Wagner with Nick Grim
<b>Goal:</b>	Gather information from our Weekly Presenters and Speakers to share with our members, our community, and the world through our social media platforms.
<b>Feedback:</b>	Constructive feedback is always welcome. Please contact Janet Powell, our Program Chair, or Peter Fortuna via <a href="#">DacDB</a> or through our member roster.

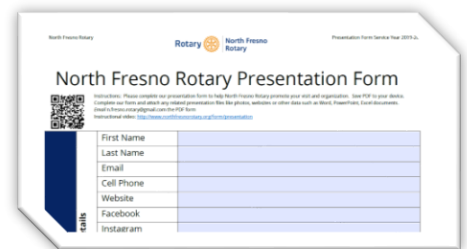

We've moved things around and added a few suggestions to the form. Club members are encouraged to test out the form and offer constructive suggestions.

Please note that this form is not mandatory to use. We're just presenting it to the club members and Program Committee as another tool to use when appropriate.

### Form Feedback

North Fresno Rotary received some helpful suggestions on how to improve our form. Here's some of the suggestions we received:

- **Form Not Needed or Too Complicated:** A few Rotarians expressed concern over the computer skills needed to use our form. To address computer skills, Rotary 5230 and North Fresno Rotary will be looking to host a social media and computer skill event. Stay tuned for upcoming details.
- **Form is Great:** Several Rotarians expressed support in using modern software and applications.
- **Added: Topic or Area of Interest:** Several Rotarians said that knowing what the topic of the speaker is would be helpful; **Added presentation dates; Added Rotary sponsor; Added QR Code; Video Link;**
- **QR Code:** QR codes allow our users to scan our form and be taken to our [online presentation form](#).
- **Video link:** We added a video on our website so we can continually update the video with current instructions how to fill our [online presentation form](#). (Please note our video is currently in need of updating.)

## This Week | Matthew Grundy of Habitat for Humanity Greater Fresno Area

Presented by Haley Wagner

<https://www.facebook.com/HabitatFresno/>

Everyone may not be a part of Habitat Fresno, but we are all a part of Fresno's Habitat. Through an engaging presentation by Habitat for Humanity Greater Fresno Area's CEO, find out how Rotarians can help our community build homes, communities and hope.

California is in the midst of an affordable housing crisis. For over 34 years Habitat for Humanity Greater Fresno Area has championed the cause of helping Valley Residents realize safe, decent and affordable home ownership opportunities.

In a talk led by Habitat CEO Matthew Grundy, we will hear more about the state of housing and how Habitat International has forged a partnership with Rotary International that will enable us to make a difference in our own back yard.
